EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Shane M. Niebergall on January 11, 2005.

1. The application has been amended as follows:

Claim 1, line 8, delete "disk." and insert --disk, the slot extending through the disk from the outer surface to the inner surface.--

Claim 10, line 8, delete "rim." and insert --rim, the slot extending through the disk from the outer surface to the inner surface.--

Claim 14, line 8, delete "said hole." and insert --said hole; said disk further defining a slot connecting said hole to the outer edge of said disk wherein the slot extends through the disk from the outer surface to the inner surface.--

Claim 17, line 1, delete "of claim 15" and insert --of claim 16--.

Drawings

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: The drawings must show the "textured" inner surface as disclosed in claims 12, 13 and 19. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

In view of the applicant's amendments and after further consideration of the invention, the claims as presented avoid the prior art of record. The prior art does not disclose a protective disk, adapted for use with a dumbbell having a bar and weights at opposite ends of the bar, the disk comprises an outer surface adapted to bear against the weights and a convex inner surface wherein the disk defines a hole through both surfaces adapted to receive the dumbbell bar and the disk further defines a slot connecting the hole to the outer edge of the disk.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tam Nguyen whose telephone number is 571-272-4979. The examiner can normally be reached on M-F, 9-5.
